

Recruitment Info for Professor Position in Physical Oceanography at Department of Earth and Planetary Science, Graduate School of Science, The University of Tokyo

The Department of Earth and Planetary Science, Graduate School of Science, the University of Tokyo invites applications for a position at the level of professor in the field of physical oceanography. The University of Tokyo is committed to gender equality in hiring. More details of the Department are available on the website <https://www.eps.s.u-tokyo.ac.jp/en/>.

1. Job title and number of positions available

Professor, one position

2. Field of expertise

Physical oceanography

3. Required Qualifications

- Ph.D. or an equivalent qualification
- An outstanding scientist who can conduct advanced research on the dynamics of oceanic phenomena, focusing on a physics-based understanding of processes inherent in the phenomena, and develop research and educational programs in the field of physical oceanography
- Sufficient Japanese ability for instruction at the undergraduate and graduate levels (where this is not possible at the time of appointment, this level of language proficiency is expected within five years)

4. Date of Commencement of Employment

As early as possible after decision is made

5. Term of Employment

Non fixed-term

6. Probation Period

6 months from the date of employment

7. Place of Work

Graduate School of Science, The University of Tokyo (7-3-1 Hongo, Bunkyo-ku, Tokyo)

8. Affiliation

Atmospheric and Oceanic Science Group, Department of Earth and Planetary Sciences, Graduate School of Science, The University of Tokyo

9. Content of Work Duties

In addition to their own research, the successful candidate will be expected to promote interdisciplinary education, as well as education in their own research field, through teaching at both the undergraduate and graduate levels.

10. Working Hours

Based on the discretionary work system for professional work, working hours are deemed to be 7 hours and 45 minutes per day.

11. Days off

Saturdays, Sundays, national holidays and end-of-year and new-year holidays (December 29 to January 3)

12. Paid Leave

Annual paid leave, special leave etc.

13. Wages, etc.

Basic salary will be decided after taking into account the successful candidate's academic and professional background, etc. There is a system for regular wage raises.

14. Allowances

Bonus (twice a year), commuting allowance, and other allowances decided by the University of Tokyo

15. Insurance

The successful candidate will be automatically enrolled in the insurance scheme provided by the Mutual Aid Association of MEXT (Ministry of Education, Culture, Sports, Science and Technology) and employment insurance.

16. Application materials required

- Curriculum vitae (this should include age, email address and other contact details, and a summary of academic and professional career from high school including the date of university graduation)
- A summary of the main research and teaching activities of the applicant (about 1000 words)
- List of publications and related scientific output, which should be divided into the following 4 types
 - Refereed papers and review articles
 - Non-refereed papers and review articles
 - Books
 - Other relevant material
- PDF files of up to 5 significant original papers
- Outline of aspirations and plans for research and education after taking office (about 2000 words)
- Names and contact details for 2 referees who can provide an independent assessment of the candidate

17. Application Deadline

All documents must have arrived on or before Monday, September 26, 2022.

※After screening of documents, interviews will be conducted for successful applicants.

18. Document submission

All documents should be submitted as email attachments in pdf format. The documents can be separated into several separate email messages, but the total size of each individual email should not exceed 10 MB. Applications should be sent to aos-jinji@eps.s.u-tokyo.ac.jp and the subject should be "*Professor in Physical Oceanography*". An acknowledgement will be sent within 2 working days of receipt of the application documents.

19. Name of Recruiter

The University of Tokyo

20. Enquiries

Prof. Yukio Masumoto
Department of Earth and Planetary Science
Graduate School of Science
The University of Tokyo
Email: masumoto@eps.s.u-tokyo.ac.jp
Phone: +81 (0)3-5841-4297

21. State of working measures to avoid passive smoking

Smoking is prohibited inside the grounds of our university.
We have smoking areas outdoors.

22. Others

- In accordance with the Foreign Exchange and Foreign Trade Act and other regulations, if, at the

time of employment, the successful applicant holds a concurrent position overseas or has significant income from a foreign government or other source, there may be restrictions on research-related technology that can be shared with them, which may make it difficult for them to fulfil their duties as a member of the University's teaching staff. Any such arrangements should be limited to the extent that they do not interfere with the necessary sharing of technology.

- Personal information received through this application process will not be used for any other purposes.
